WORK EXPERIENCE

FREELANCER WEB DEVELOPER, Upwork

Jan 2021 – present

Top-rated freelancer (top 10%) with +20 projects completed successfully and +90% job success rate, [link to my profile](#).

- Developed a skill set that let me meet tight deadlines and handle multiple projects.
- Liaised with clients and building strong business relationships led me to accurately handle clients' needs from acquisition to completion.
- Utilized self-taught languages including VueJs / Bulma to code a highly flexible hybrid app.

SENIOR SOFTWARE ENGINEER, Vista

Feb 2019 – Present | Tunis, Tunisia

Part of the supply chain team and member of a squad of 6 members and our role is to develop / manage and support the IT part of the business that is used by +200 suppliers and +70 plant users.

- Guided junior developers and implemented several feature-rich releases for our supply chain online business.
- Successfully led the migration of our web portal from .Net framework to .Net core / ReactJs, resulting in increased performance by over 100%.
- Assisted in designing / extending our micro-service architecture resulting in fewer dependencies and 50% fast deployment.
- Collaborated with the team and the product owner to create / assign tickets for each sprint.
- Successfully reduced manual tasks for suppliers / plant users, saving the company +5k monthly.
- Assessed interviewing candidates (technical and behavior interviews).

SOFTWARE ENGINEER, Vista

Feb 2018 – Feb 2019 | Tunis, Tunisia

- Enhanced the UI layout and made the web portal fully responsive, increasing client usage by 150%.
- Assisted in extending our supplier portal features.

WEB DEVELOPER, AllAboutOnline

Mar 2015 – Feb 2017 | Gloucester, United Kingdom

Part of a team of 5, and our role was developing / supporting / maintaining several projects simultaneously.

- Designed, developed, and maintained client's websites.
- Met potential clients and proposed solutions for their businesses.

SKILLS

- .Net core / Framework / APIs
- Entity Framework / Dapper
- Unit test (Nunit)
- SQL / SQL Server / MySQL
- Microservice architecture
- Scrum / JIRA
- ReactJs / Redux
- HTML / CSS / SCSS / ES6
- jQuery
- Bootstrap/Bulma/Material-UI
- Photoshop / Figma
- GIT
